

Kids Working To End Hunger

Dear Parents:

All around the world there are Children and families who don't even have the simplest of needs like food on the table, a roof over their heads, the opportunity to go to school, or to live without fear. As a classroom, we are blessed with so much more than others have. I am Challenging my class to be kids who make a difference in this world. For this reason, I am asking them to join our global learning project entitled "Kids Working To End Hunger." It is strictly voluntary, but they need your permission to join.

Read the plan on the following page with your child and, if you agree, please sign for them to participate. In advance, I'm thanking you and your child for thinking about making a difference!
